Treasurer's Board Meeting Notes

WIFA disbursement #11 was submitted on the 17th for \$190,376.25 bringing the total to date of \$1,832,376.55. As of December, the District is into the loan 1,332,376.55.

On January 1st, 2019, the first interest payment was paid on the WIFA loan in the amount of \$3,601.50.

On January 15th, a payment was made to the WIFA reserve account in the amount of \$25,242.59. The District will continue to make the \$25,242.59 quarterly to payment to the WIFA reserve account as required.

On January 15th, a regular payment of about \$106,450.95 was paid to Compass Bank for the required quarterly payment. This payment is about \$6,000.00 less that previous year's payments due to the

additional principal payments. For the next year's budget, we should be able to reduce the required payment from \$450,000 to \$425,000 or less due to these additional principal payments.

On January 15th, an additional principal payment of \$100,000 was paid to Compass Bank starting the first of 4 payments for the current fiscal year's payment of \$400,000. Going forward, \$100,000 additional principal payments will be made each quarter.

As an update to obtaining a new IT provider, I have 2 meetings Friday morning to review the current network and discuss with these vendors the network changes that are being made in the next few weeks. I hope to have proposals for IT services by next month's board meeting. Some of the new equipment was shipped this week so hopefully all the rest of new equipment will be delivered and installation can be scheduled with the vendor selected by SHI International.
