

PINE-STRAWBERRY WATER IMPROVEMENT DISTRICT

Special Meeting

Thursday, January 31, 2019 at 4:00 p.m.

PSWID Administrative Office

6306 W Hardscrabble Rd.

Pine, AZ 85544

1. CALL TO ORDER

Alan Kleinman called the meeting to order at 4:03 p.m.

2. PLEDGE OF ALLEGIANCE

Led by Alan Kleinman

3. ROLL CALL OF BOARD MEMBERS

Conducted by Alan Kleinman: Board members present: Sharon Hillman, Forrest McCoy, Alan Kleinman and Larry Bagshaw. Bob Arbuthnot was present via phone. A quorum was present. Cato Esquivel and Paul Hendricks were also present.

4. CALL TO THE PUBLIC

Cindy Maack was questioning when the WIFA funding started in behalf of Fred Krafcheck. We got it in Feb. 2018. He thought there were cheaper funds available. Sharon will correspond with him via phone. Cindy also asked PSWID to remove the boulders on Pine Creek Road by the school so that vehicles could access it from Hardscrabble northbound to Randall Place when either Hardscrabble or 87 was closed. Cato Esquivel responded that the county did not want to maintain that access as a road and since 3 PSWID water lines, APS power lines and Centurylink cable all run through there; that had established a prescriptive easement for it. It is also a school safety issue if there is more traffic on that road. She will look into getting a petition to open the road.

5. NEW BUSINESS

I. DISCUSS AND TAKE POSSIBLE ACTION REGARDING MOVING GRANT BUDGET FUNDS

INTO THE WIFA BUDGET. Sharon Hillman. See attachment at the end of the minutes for the budget revisions. Forrest McCoy moved that the proposed budget revisions be approved as stated on the worksheet. Larry Bagshaw seconded the motion. The motion was unanimously approved.

II. DISCUSS AND TAKE POSSIBLE ACTION REGARDING REALLOCATING WIFA PROJECT

FUNDS. Sharon Hillman. See attachment at the end of the minutes for the WIFA modifications. Larry Bagshaw moved that the WIFA funding modifications per the January 2019 schedule be approved. Forrest McCoy seconded the motion. The motion was unanimously approved.

III. DISCUSS AND TAKE POSSIBLE ACTION REGARDING APPROVAL FOR THE JOC TASK

ORDER FOR THE PORTALS 2 AND PORTALS 3 TANKS. Cato Esquivel. See attachments at the end of the minutes for the task order. Forrest McCoy moved that the board chairman or designee be authorized to issue a task order under the job order contract to

MGC Contractors in the amount not to exceed \$500,000.00, to rehabilitate Portals 2 and Portals 3 100,000 gallon water storage tanks and associated equipment. Larry Bagshaw seconded the motion. The motion was approved unanimously.

Alan Kleinman asked Cato Esquivel about the email he had received regarding clean fill. The contractor working on the Rim Vista waterline replacement was finding that the material being excavated was unusable for backfill and was asking for authority to purchase additional backfill material. Currently they are sieving the excavated material and most is too large to use and it is time consuming. There should be adequate funds already approved for the project and if there is not, it will only be in the \$6,000 to \$7,000 range which is within the District Manager’s approval authority.

- 6. **MOTION TO ADJOURN.** Forrest McCoy moved that the meeting be adjourned. Sharon Hillman seconded the motion. The motion carried unanimously.

PINE-STRAWBERRY WATER IMPROVEMENT DISTRICT

Board Action Item

MEETING DATE:	January 31, 2019
AGENDA ITEM:	5.I
PRESENTER:	Sharon Hillman
SUBJECT:	Budget Revisions

RECOMMENDED MOTION/ACTION:

Motions at the pleasure of the board.

BACKGROUND/DISCUSSION:

The Potential Grants/Non-Revenue Funds in the amount of \$797,638 needs to be reallocated to the WIFA Funding – Capital Projects budget item. When the budget was prepared, it was anticipated that the amount for the fiscal year of \$2,750,000 was going to be adequate. However, more projects have been completed and with the rehabilitation of the Portal 2 and Portal 3 tanks and the first of the Canyon Tanks, more funds are required to get these projects completed before the end of May 2019 and our summer season.

FINANCIAL IMPACT:

Yes

RECOMMENDATION:

Make a motion to approve the budget revisions as stated on the attached spreadsheet.

ATTACHMENTS:

Budget Revisions Attached

ADPT

PINE-STRAWBERRY WATER IMPROVEMENT DISTRICT

Board Action Item

MEETING DATE:	January 31, 2019
AGENDA ITEM:	5.II
PRESENTER:	Sharon Hillman
SUBJECT:	WIFA Modifications

RECOMMENDED MOTION/ACTION:

Motions at the pleasure of the board.

BACKGROUND/DISCUSSION:

The original estimates for Tank Rehabilitation, in most cases, were way too low than what is required to complete the projects.

Therefore, the attached funding modifications are needed to cover costs for the Portal 2 and Portal 3 Tank Rehabilitation.

1. Change the name of project #10 from Portal 3 PRV Replacement to Portal 3 Tank Rehabilitation.
2. Allocate remaining funds in project #12 of \$204,359 to project #16 Portal 2 Tank Rehabilitation.

FINANCIAL IMPACT:

WIFA PSWID Funding Program FY18 thru FY22

RECOMMENDATION:

Make a motion to approve the WIFA Funding Modifications per the January 2019 schedule.

ATTACHMENTS:

WIFAAPPROVEDPROJECTSCHEDULE0819

RE: **AGENDA ITEM 5.III**
PORTAL 2 & 3 TANK REHAB AND MODIFICATION JOC TASK ORDER

RECOMMENDATION:

Authorize the Board Chairman or designee to issue a Task Order under the job order contract (JOC), to MGC Contractors in the amount not to exceed \$500,000.00, to rehabilitate Portals 2 and Portals 3 100,000-gallon water storage tanks and associated equipment.

EXECUTIVE SUMMARY:

The Board approved and awarded a JOC contract to MGC Contractors in August 2018.

One of the critical factors with this project is timing. We are attempting to complete this work prior to Memorial Day weekend.

The project will include the installation of temporary pumps and tanks. The temporary tanks will be used to allow the existing tanks to be taken out of service. Temporary scaffolding will be used to perform full coatings and structural inspection of the existing tanks. An allowance of \$10,000 per site, \$20,000 total, has been included in the project costs for additional structural repairs that may be required. The project will also include new interior and exterior coating, overflow piping, ladder and access manway

Two 10,000-gallon temporary potable water storage tanks will be required and placed adjacent to both Portals 2 and 3 sites when the tanks rehabilitation work is in progress.

The project will also include the cleanup and regrading of the Portal 3 site entry slope for better site access. A temporary barrier will be installed at the bottom of the site entry slope to prevent large rocks from damaging structures adjacent to Portal 3 Tank site. This work will be performed prior to reservoir tank rehabilitation work to allow safe site access during construction.

FISCAL IMPACT:

Funds are available in the in the FY 2018-19 District’s WIFA capital budget. A further breakdown of the proposal and quotations is attached.

**PORTALS 2 & 3 - PHASE 1 - TANK REHABILITATION & TEMPORARY SYSTEM - REVISION 2
